

**SATISH CHANDRA MEMORIAL SCHOOL**  
**CLASS III      SUBJECT: MATHEMATICS**  
**CHAPTER : 3 ( GIVE AND TAKE)**  
**CASE STUDY**

Mina had two brothers Prokash and Rahul . Mina read in class 9 and 2 sons Prakash and Rahul read in class 5 and 6 respectively. Mina thought they will celebrate their mothers 40th birthday. She has invited few guests. She went to the market to buy a cake , some sweets and some snacks for guests. She had Rs. 2500 in her purse . She bought a cake of cost Rs. 350 , 2 packets of balloons of Rs. 10 each , 10 chocolate bars of cost Rs. 5 each , 40 Candles of cost Rs. 20 . Some snacks of Rs. 120 . Then she bought a saree of cost ₹ 500 for her mother. And also she bought a birthday cap for her mother. Then she came back home . Her mother was surprised ! Prakash made a drawing for her mother . And Rahul gave a recipe book to her mother. The book contains 500 Indian recipes and 300 Chinese recipes . Mina and her family enjoyed a lot .
