

CLASS 6
SCIENCE
CHAPTER 3

FIBRE TO FABRIC

HOTS QUESTIONS

1. Why is the process of retting not used to separate the cotton fibres from cotton bolls?
2. Why gunny bags are made of jute rather than cotton?
3. India has been a major producer of cotton and its fabric. It even exports cotton fabric and items to many other countries. How does it help us?
4. When we look at any fabric, it seems like a continuous piece. But on looking closely, do our observations change? Explain.
5. You must have seen warrior dresses in museums that were worn by the warriors during war. They were called 'Kavach'. What fibre do you think they were made from and why?
6. In this situation of COVID-19, healthcare workers wear a type of protective cloth or suit. What is the need of such suit? It is made up of which fibre?
