SATISH CHANDRA MEMORIAL SCHOOL, CHAKDAHA

CLASS   V

MATHEMATICS   CASE   STUDY   (Chapter- Fish tale)

Once upon a time, there was a child who really loved studying. His name was Sam. One day his teacher got angry because he had been late to school.

His teacher asked him the reason of being late. He explained that the bus on which he usually come was running on a much slower speed than usual. The teacher asked him to write the time and distance on black-board to support his explanation. So he wrote:-

<u>On that day</u> :-

Distance covered by the bus = 10 Km

Time taken by the bus = 2 Hours

<u>On other days</u> :-

Distance covered by the bus = 10 Km

Time taken by the bus = 1 Hour

Tick on the correct option:-

    (1) Sam was late as the speed of the bus was _____
        (a) 6 Km/h
        (b) 7 Km/h
        (c) 5 Km/h
        (d) 4 Km/h

(2) The speed of the bus on other days is usually_____
    (a) 11 Km/h
    (b) 9 Km/h
    (c) 7 Km/h
    (d) 10 Km/h

(3) Sam reached approximately _____ hour late to the school that day.
    (a) 2
    (b) 1
    (c) 3
    (d) 4

(4) His teacher asked him to write on the black-board to _____
    (a) Calculate the speed
    (b) Calculate the distance
    (c) Calculate the pages of book
    (d) Calculate all the above

(5) Speed can be calculated by dividing distance and _____
    (a) Speed
    (b) Distance
    (c) Time
    (d) None of these
