

SATISH CHANDRA MEMORIAL SCHOOL CHAKDAHA

SUBJECT:- SOCIAL SCIENCE CLASS:- VI

GEOGRAPHY- GLOBE- LATITUDES AND LONGITUDES

HOT QUESTIONS:-

1. What would have happen if we had no standard time?
2. Places on different longitudes have time difference. Why?
3. Why Japan is the first country in the world to see the first sunrays and America is the last?
4. Why do we need the imaginary lines, (latitudes and longitudes), on a globe or on a map?
5. How does the parallels of latitudes play an important role in determining the weather of a place.
