CASE STUDY – 2

On a vacation has started Kavita and Kabir went to visit their grand parents village on 15/05/2023. There was a big farm. Many animals were there in the farm. In the nearby field 172 cows were grazing. There was a pond near the field. 146 ducks were quacking. They saw a big mango tree also. Kavita and Kabir wanted to eat the mangoes. So grand father gave Kabir 25 mangoes and Kavita 17 mangoes more than Kabir. When they were returning back they saw only 140 cows were grazing in the field.

Answer the following questions based on the given case study.
